
Mormonism And The Negro

what is mormonism? what do mormons believe? - the problem with mormonism is that it contradicts, modifies, and expands on the bible. christians do not have a reason to believe that the bible is untrue or inadequate. to truly believe in and trust god means to believe in his word, and all scripture is inspired by god, which means it comes from him (2 timothy 3:16). **2 mormonism - cornell university** - mormonism calls this doctrine "celestial parentage". so, a closer look reveals that the concept of god taught by mormonism is quite different from the god of the bible. 2.2.3 man the mormon doctrine of man is very different from that of orthodox christianity and is the key to an understanding of all the other doctrines. according to mormonism, **biblical christianity mormonism - hendrickson rose** - biblical christianity mormonism (latter-day saints) founder jesus christ. founded about ad 30-33, in the judean province of palestine (israel today), under the roman empire. followers of jesus christ became known as christians. **mormons are not good people. - recovery from mormonism** - mormonism absolutely produces bullies of the worst kind. arrogant people promised to become gods is a powerful tool used for the elite. re: mormons are not good people. good point. "you can be exalted in the hereafter, like we are here and now, if you will do as we say, here and now." they may actually want to come off as "exalted" beings.
